

### "In our own words"

#### 1. The prize for first place in each category is:

##### Manfrotto MB LF-WN-BP Windsor Camera Backpack

Innovatively designed with a vintage-themed look and water resistant material, it has high-quality leather trims and a soft plaid lining. With the padded inside divider, you can easily store your medium DSLR with an attached 70-200/2.8 lens plus 2 additional lenses. Or you can store your premium CSC camera with multiple lenses. This camera backpack can also store a DJI Mavic Pro Combo kit, and can be turned into an everyday field trip backpack by removing the divider. It has a dedicated compartment for storing a 15" laptop. Thanks to this backpack's top and side zippers, you can easily access your equipment and pack it away in no time. For your assurance, this backpack features the Manfrotto Protection System, which is guaranteed to protect your gear from shock. You can also carry your tripod via the two adjustable leather attachments. This camera backpack has been manufactured to high standards in Italy.

Specifications:
